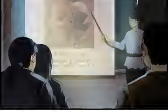
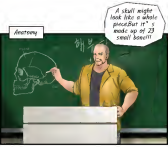
I' m late



Art history
We' ll learn Ancient to Rococo age art this semester

The Venus of willendolf was found in 1909 at willendorf near danube riverThey' ve found it during a railroad construction

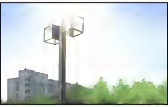


Anatomy
A skull might look like a whole piece,But it' s made up of 23 small bone!!!

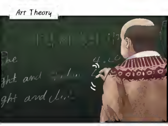
The parietal bone is in middle of a frontal bone and occipital bone sticked in a pair

Why am I doing this???

I wasn' t that busy when I was a student....

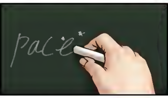


But don' t be weak,This classes
will help me in the future I guess



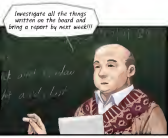
Oh,It' s the class Amanda talked about

The one that looked like a hard one.



Would this class really
help me find my way???

Now



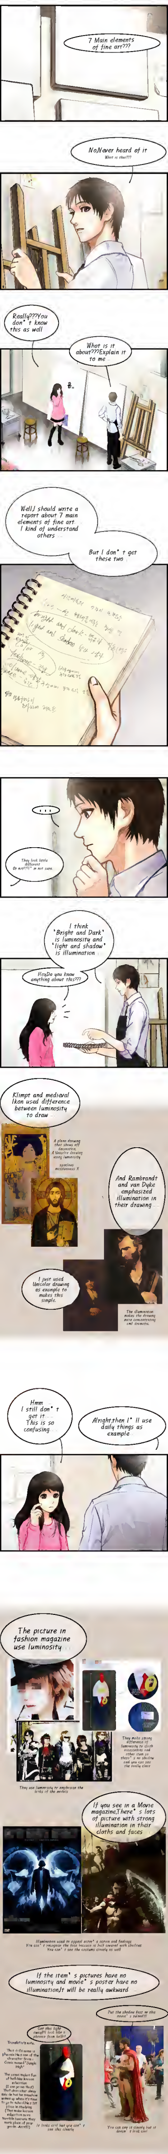
Investigate all the things written on the board and bring a report by next week!!!

Class dismissed!!!
He' s so careless!!!
저 교수 뭐야?
완전 대충이네
What the
뭐가뭐야

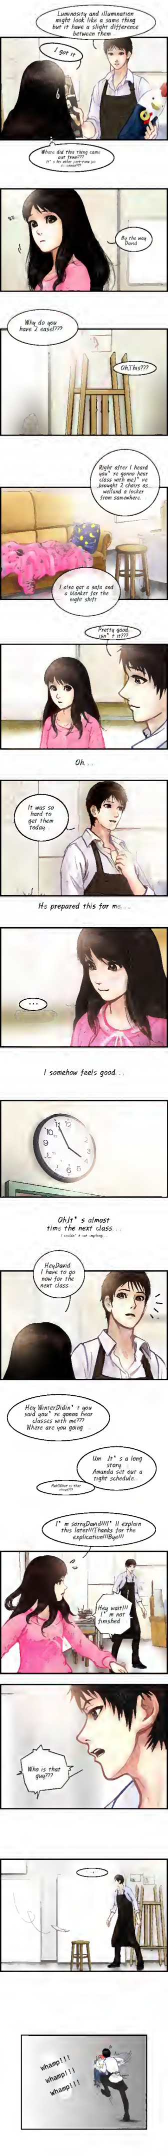
Ahh!!!It' s the worst
type of professor!!!

The one who gives lots of
homeworks and careless about class.

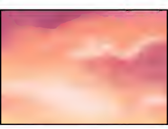
Amanda
Are you out of your mind???



7 Main elements of fine art???
No,Never heard of it What is that???
Really???You don˚ t know this as well
What is it about???Explain it to me
Well,I should write a report about 7 main elements of fine art I kind of understand others
But I don˚ t get these two
bright and dark
light and shadow
Color
texture
volume
space
. . .
They look little different Or not???I˚ m not sure.
I think 'Bright and Dark' is luminosity and 'light and shadow' is illumination
Hey,Do you know anything about this???
Klimpt and medieval Ikon used difference between luminosity to draw
A plane drawing that shows off decoration. A Unicolor drawing using luminosity
spacious massiveness X
And Rambrandt and van Dyke emphasized illumination in their drawing
I just used Unicolor drawing as example to makes this simple.
The illumination makes the drawing more concentrating and dramatic.
Hmm I still don˚ t get it This is so confusing
Alright,then I˚ ll use daily things as example
The picture in fashion magazine use luminosity
They make strong difference of luminosity to cloth accessaries and other item so there˚ s no shadow and you can see the really clear
They use luminosity to emphasize the looks of the models
If you see in a Movie magazine,There˚ s lots of picture with strong illumination in their cloths and faces
Illumination used to appeal actor˚ s action and feelings
You can˚ t recognize the face because is half covered with shadows
You can˚ t see the costums clearly as well
If the item˚ s pictures have no luminosity and movie˚ s poster have no illumination,It will be really awkward
Put the shadow fast or this movie˚ s ruined!!!
Get this light away!!!I look like a pheonix from hell!!!
Translator's note.
That doll's name is pheonix He's one of the character from a Comic named "Jungle High"
The comic makes fun of hell-like korean education
(I can prove that)
That character alway sale de but he somehow wakes up when it's time to go to school.He's 1st place in studying
(This make korean education more terrible because they mark place of your grade-Arrrl!!)
It looks cool but you can˚ t see this clearly
You can see it clearly but it doesn˚ t look cool



Luminosity and illumination might look like a same thing but it have a slight difference between them
I got it
Where did this thing came out from???
It' s his other part-time job doraemon???
By the way David
Why do you have 2 easel???
Oh,This???
Right after I heard you' re gonno hear class with me,I' ve brought 2 chairs as welland a locker from samewhere.
I alsa gat a safa and a blanket far the night shift
Pretty good isn' t it???
Oh. . .
It was so hard to get them today
He prepared this for me. . .
...
I somehow feels good. . .
Oh,It' s almost time the next class. . .
I couldn' t eat anything. . .
HeyDavid I have to go now for the next class. . .
Hey WinterDidin' t you said you' re gonna hear classes with me??? Where are you going
Um It' s a long story Amanda set out a tight schedule. .
Huh?What is that about???
I' m sorryDavid!!!I' ll explain this later!!!Thanks for the explication!!!Bye!!!
Hey wait!!! I' m not finished
Who is that guy???
whamp!!!
whamp!!!
whamp!!!



Translator's note
Korean think if someone's swearing at them Their ear itch
Is someone swearing at me???
Woof!!!
....

Hey Scatt,What did you said ta Winter???
Oh,Nothing much
There was a really annoying guy sitting next to her

Maybe I should draw a Self-portrait
Self portrait... I used to hate it before
BeauxParis
Let' s draw a self-portrait today!!!
Be careful Don' t draw it way too much beauti ul!!!
Hahaha
...
David,Why do you hate drawing self-portrait????
....
It' s so depressing...
Most of the artist who draw a lot of self-portrait lived an unhappy and lonely life...
Gogh,Egon Schiele,Frida Kahlo and ect
EGON SCHIELE
<Egon Schiele' s self-portrait>
<Rembrandt' s Self-portrait>
<Gogh' s Self-Portrait>
Rembrandt drew a lot of Self-Portrait at old age when his house was bankrupted
In conclusion,I hate self-portrait because It' s so depressing when I see it...
It feels like a loner...

That' s a prejudice!!!
And you look more depressing than them!!!
Depressed

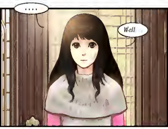
How do you think about Scott, Teacher???
Mom, There' s no problem!!!



If he tries hard,

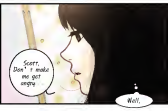
Look at how I' m drawing unless you want to be killed by me
I know I gained some weight because of stress I got from national test' s period but I used to be popular when I was at middle school



Scott, Don' t make me get angry
Well,

I was so popular when I was a middle school student
Wanna see my picture???

Well,I just need the money...

I didn't feel any wills nor responsibility

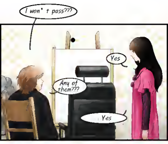
If the result came out,I'll give you more than enough money!!!I know it will be hard for my son to pass your university because he prepared the practical test little late...
But I'm pretty sure he can pass other university, right???

Actually,It's already little embarrasing that he's preparing for the Art university because his national test's score is little lower than we thought,But just make sure he doesn't bring shame to our family...

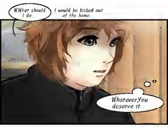
At that moment,I learned that
rich people are worst than others...

To be honest,
You' re hopeless...

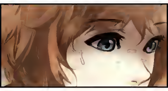
....

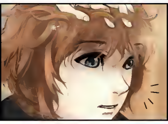


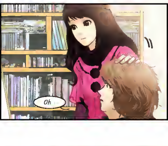
I won' t pass???
Yes
Any of them???
Yes



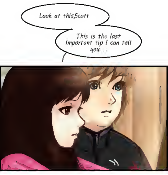
WWhat should I do
I would be kicked out of the home
Whatever,You deserve it





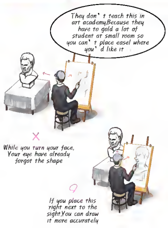


Oh



Look at this,Scott
This is the last important tip I can tell you...

When you place the easel!Put it right next to the place where you can see the scupture



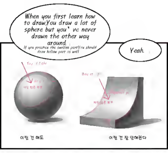
They don' t teach this in art academy,Because they have to gold a lot of student at small room so you can' t place easel where you' d like it
X
While you turn your face, Your eye have already forgot the shape
O
If you place this right next to the sight,You can draw it more accurately

This may look small but this bring big difference in shape

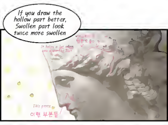
And if you draw light and shade,Draw hollow part as good as swollen part

Hollow part???

Yes



When you first learn how to draw,You draw a lot of sphere but you' ve never drawn the other way around
If you practice the swollen part,You should draw hollow part as well
Yeah.
이런 건 해도
이런 건 잘 안해본다



If you draw the hollow part better, Swollen part look twice more swollen
It helps a lot when you draw the hair
This parts..
이런 부분들

Not many people care of this,So if you remember this,You might pass the test
Really?

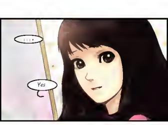
Actually,It was a lie......

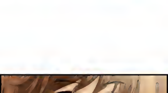
Yes,So don' t give up till you Pass the test

This tip is useless to kid like him without basic knowledge...

......
Wow
Can I really really pass the test if I remember this???

I just said this to cheer him up...





But I think he really believed it...

Click!!!

Season3

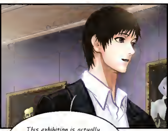
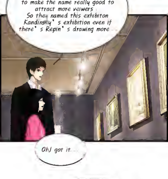
That drawing was drawn by Ilja Repin...

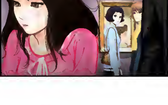


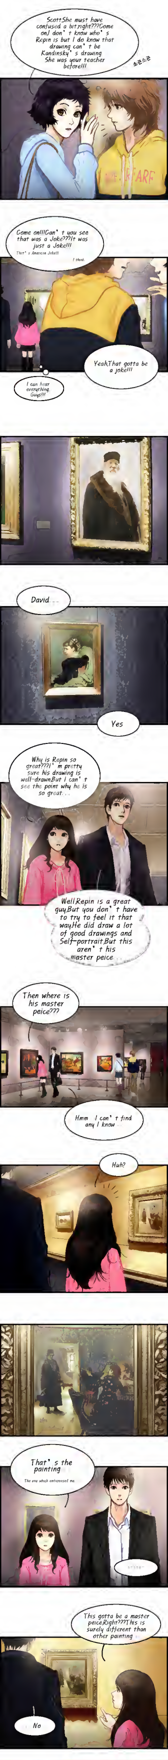
This exhibition is actually about russian painter There' s only 4 painting drawn by Wassily Kandinsky I think there' s Repin' s drawing the most
Then they should' ve called this Russian' s painting Exhibition or Repin and other russian painter' s painting exhibition or something!!
Arrrrl!!!

This is so embarrasing
Well They wanted to do it,But kandinsky is more famous than Repin
Then they should have put Kandinsky' s painting on the poster!!!
But Kandinsky' s drawing is Abstract paintingSo it might make normal people to not come to the exhibitionSo they used Repin' s painting which is more realistic

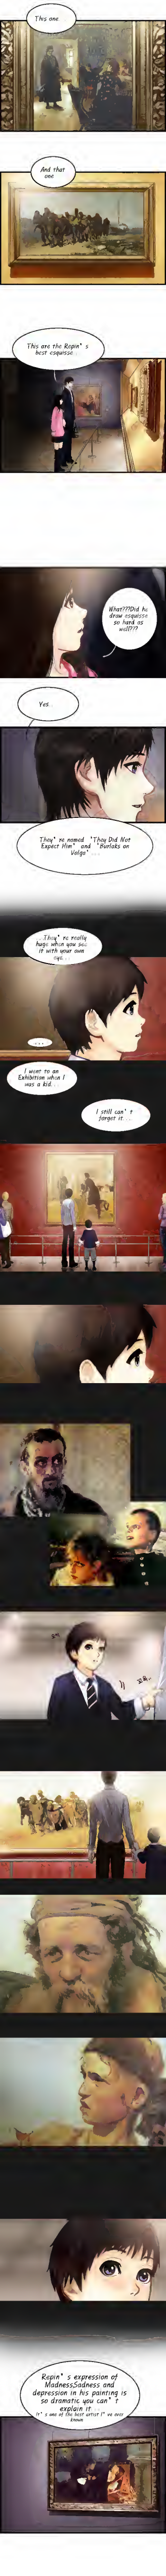


And there' s Gogh' s exhibition right next town,So they really have to make the name really good to attract more veiwers So they named this exhibiton Kandinsky' s exhibition even if there' s Repin' s drawing more...
Oh! got it...
But whatever!!! This is a fraud!!!



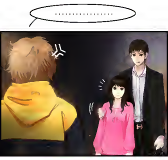


Scott,She must have confused a bit,right???Come on,I don' t know who' s Repin is but I do know that drawing can' t be Kandinsky' s drawing She was your teacher before!!!
소곤소곤
Come on!!!Can' t you see that was a Joke???It was just a Joke!!!
That' s American Joke!!!
I think.
Yeah,That gotta be a joke!!!
I can hear everything. Guys!!!
David...
Yes
Why is Repin so great???I' m pretty sure his drawing is well-drawn,But I can' t see the point why he is so great...
Well,Repin is a great guy,But you don' t have to try to feel it that way.He did draw a lot of good drawings and Self-portrait,But this aren' t his master peice...
Then where is his master peice???
Hmm I can' t find any I know...
Huh?
That' s the painting
The one which embarrased me.
This gotta be a master peice,Right???This is surely different than other painting...
No



This one
And that one
This are the Repin' s best esquisse
What???Did he draw esquisse so hard as well???
Yes
They' re named 'They Did Not Expect Him' and 'Burlaks on Volga' ...
...They' re really huge when you see it with your own eye...
...
I went to an Exhibition when I was a kid...
I still can' t forget it...
오싹
꼬옥..
Repin' s expression of Madness,Sadness and depression in his painting is so dramatic you can' t explain it...
It' s one of the best artist I' ve ever known

To me it just look like few dull painting
Maybe that' s the only artist you know???
Winter,I can explain it much more exciting,So come with me



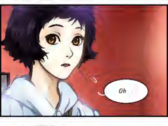
....

화르르
Winter, Isn' t that drawing pretty???
Y,yes

Um.. I don' t know what' s abstract painting is but that painting look like all the sea food mixed
Yeah.. I like the rhythem of this painting

Vicky,I' m pretty sure you have disappointed
Huh?

You know,When I said Repin' s drawing is from Kandinsky...
I actually couldn' t do much before I graduated So I' m hearing Non-Credit class now



Oh

It' s alright!!! Well,I have something to write in my report thanks to you
Hahaha.. Am I helping you???

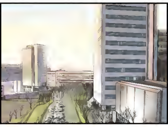
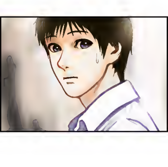
Season3



After the Russian painting exhibition,
I tried to draw in a small canvas
rather than a Croquis Book

Hush-a-bye,
don' t you cry
Go To Sleepy Little David

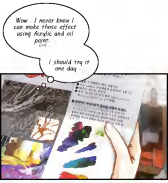
That' s because I learn the fact that even
Esquisse can be a good painting



What are you doing???
Oh,Nothing really special
Aren' t you sleepy or tired???
No, Not really
Then just keep on drawing!!!

How can I Just keep on drawing???
There' s a huge force in my back!!!
Sleep Sleep
I really liked the feeling when he was sleeping I' ll try to draw few esquisse of him sleeping!!!

It' s a small Canvas,
So it' s relatively more affordable
And I can try different way to draw...



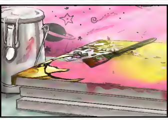
Wow... I never knew I can make those effect using Acrylic and oil paint Cool
I should try it one day

Hmm . This is the one .

What???$30???
It' s just subsidiary material!!!

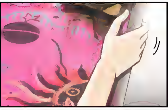
I kind of felt it when I was at school,
I really need money if
I wants to draw properly

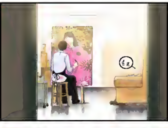
A lot of them.



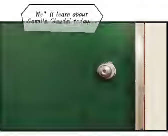
Well,At least I am starting to know the fun of drawing . . .

....
Didn' t she told me to sleep???
Z z z





We' ll learn about Camil'e Claudel today...

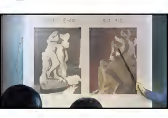


As you know,Camille Claudel was a misfortunate Scupture behind Rodin

Camille meet Rodin when she was 19 years old while Rodin was 43 Years oldShe was the most trusted student of RodinRodin acknowledged her talent and made her in charge of all his scupture' s hand, Which need The most delicate touch...

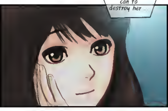
It' s so hard to Re-Born after all the Time I have wasted before graduating...
And I need more sleep...

Those two sculptures had many common point and same quality at same time The Rodin' s <Kiss>,<Galatea> and Claudel' s <Sakuntala>,<Young Girl With A Sheaf> had so many similarity that there was a rumor Rodin copied her sculpture...

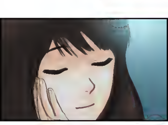


Hmm...I have to go to another museum this week...
I' m so busy.

...Finally, Rodin started to be afraid of her and he used all the pressure he can to destroy her...

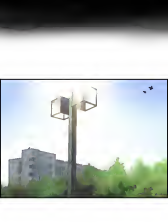


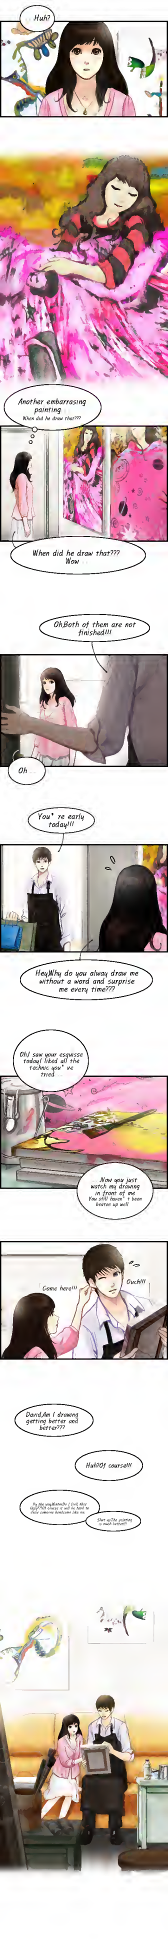
Maybe I should go to the museum with David only...



Yes,I' m gonna go the museum with David.
I' m pretty sure He' ll like it...

I should say it to him tomorrow..





Huh?
Another embarrasing painting
When did he draw that???
When did he draw that??? Wow
Oh,Both of them are not finished!!!
Oh
You' re early today!!!
Hey,Why do you alway draw me without a word and surprise me every time???
Oh,I saw your esquisse today,I liked all the technic you' ve tried
Now you just watch my drawing in front of me You still haven' t been beaten up well
Come here!!!
Ouch!!!
David,Am I drawing getting better and better???
Huh?Of course!!!
By the way,Winter.Do I look that Ugly???Of course it will be hard to draw someone handsome like me.
Shut up.The painting is much better!!!

I really liked that partThe blurry feeling is great and makes the drawing feeling better
This???That was because I’ ve put too many binder and the paint got spread too much

Really???I like this way!!!Keep on trying this!!!
Your drawing is much better now

Huh?

Maybe is because the theme is same...

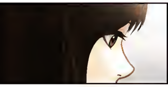
No...

I was just wondering when did I started to draw like this

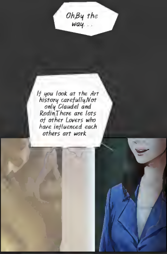
Somehow...
The feeling of this drawing’ s line....

No.. Not just line..
The color,The technic...

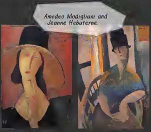
It’ s similar to David ...



I’ m happy my drawing is getting better and better...



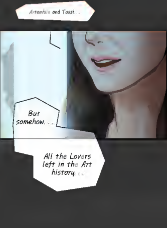
Oh,By the way. . .
If you look at the Art history carefully,Not only Claudel and Rodin,There are lots of other Lovers who have influenced each others art work



Amedeo Modigliani and Jeanne Hebuterne.

Modiliani Hebuterne

Diego Rivera and Frida Kahlo. . .
Diego
Frida



Artemisia and Tassi . . .
But somehow. . .
All the Lovers left in the Art history. . .

Is it alright to do this???
